About Quality Electric Supply:

Quality Electric has been serving the electrical supply needs across the Caribbean for 25+ years. In 2011, the company was named St. Croix Chamber of Commerce Business of the Year. *Virgin Islands Daily News*, 2012 reader's poll voted QES Best Engineering Services in the USVI. The company has added Solar PV inverters, PV Wire, combiner boxes and rack systems to its 17,000 line items of inventory in its 22,500 square foot showroom and warehouse on St. Croix - including wire, conduit, cable, tools, fittings, lighting, bulbs/LEDs, fans, meters, transformers, breakers, load centers, disconnects, relays, sensors, VFDs, transfer switches for generators, mini split and multi-zone HVAC, and heat pump water heaters.

QES ships to the USVI, BVI and beyond.
